# WARRANTY CERTIFICATE

FOR WRIST WATCH PRIM

## Watch Warranty and Repair Conditions by Prim Manufacture 1949

Your new watch is warranted for a period of 24 months from the original date of purchase. The warranty covers manufacturing or hidden defects existing at the time of purchase. After refurbishing or repair, new parts are warranted for a period of 24 months and the movement of the watch is warranted for 12 months.

## CARE

To clean your watch, use a clean, moist microfiber cloth with soapy water, then dry the watch. For drying and polishing, use a clean, dry microfiber cloth. If your watch was in contact with salt water, rinse it in freshwater and allow it dry. For waterproof watches, we recommend a yearly checkup at the ELTON hodinářská service center to test the watch's waterproof quality. For all our watches, we recommend basic service (cleaning, movement regulation, new seal) at our service center. Contacts can be found at [www.prim.cz](http://www.prim.cz). The majority of defects in leather and other straps are caused by the intensity and conditions of wear (weather, humidity, individual skin characteristics). Therefore, we provide only a 6-month warranty for the watch straps.

## WARRANTY CONDITIONS

Protect your watch from falls, impacts, shocks, chemical substances, strong magnetic fields (e.g., speakers, airport security frames, computers, cell phones, microwave ovens, etc.). Do not expose your watch to direct sunlight. Do not expose your watch to high temperatures for a long time (for example, do not leave your watch in a car during the summer)! Do not expose your watch to a quick change of temperature. Do not open the watch; avoid unauthorized service. Changing of the battery or any assessment of the watch should be done only by a Prim Manufacture 1949 authorized store, a partner store, or at the manufacturer, ELTON hodinářská, a.s. If the watch is under the 24-month warranty, any assessment of watch function or change of battery must be done directly at the manufacturer, ELTON hodinářská, a.s., otherwise the warranty is void. All quartz models have a screw down back cover. Manufacturer's Registration Number: 005114/06-ECZ.

In order to maintain the water-resistant or waterproof quality of the watch, it is necessary to change the seal every time the watch is opened, such as when the battery is replaced. Before wearing a waterproof watch in water, be sure that the crown is tightly screwed down, and that it is in the first position. Do not manipulate the crown or buttons while the watch is wet or under water. Any watch that is not marked WATER RESISTANT, 30M (3ATM), 50M (5ATM), 60M (6ATM), 100M (10ATM), is not waterproof and is not suitable for contact with water.

### If the Watch is Marked (on the Back Cover or on the Dial):

WATER RESISTANCE or 30M (3ATM) – it is resistant against splashing water (rain, washing hands...) A watch with this designation is not suited for use under water (swimming, diving)!

WATER RESISTANCE 50M (5ATM), 60M (6ATM) – it is a waterproof watch suitable for swimming in shallow water only.

WATER RESISTANCE 100M (10ATM) – it is a waterproof watch suitable for swimming and diving, such as for sports purposes or regular contact with water.

### Time Accuracy Deviation (Applies at Temperatures from -5 to +30 °C):

Quartz watch: +/- 30 s per 30 days.

Mechanical watch: + 24 s / 6 s per 24 hours.

Mechanical and quartz watches after refurbishing: + 60 s / - 30 s per 24 hours.

### The 24 months warranty does not cover:

Damage resulting from improper handling, lack of care, accidents, falls, impacts, or normal wear and tear, aging.

Damage resulting from contact with chemical substances or strong magnetic fields.

Water damage if care instructions for the product's water resistance level were not followed or if the watch is not water resistant.

Mechanical damage of the glass.

Battery, strap (leather, bracelet, rubber) – warranty of 6 months.

This warranty is void if the watch has been damaged by accident, negligence, unauthorized service, or other factors not due to defects in materials or workmanship.

If you need to service your Prim watch, please send the watch to the address below carefully packaged so the watch is not damaged during shipping.
